

Welcome back to Conwy Marina for members who have been unable to visit their boats. Are you going out on your boat next weekend? Please remember to make a thorough check before going out. Perhaps look at [Conwy Mariners](#) to see who is going where and when; or maybe post your plans there if you'd like the company of another boat, or if you're prepared to help if someone gets into difficulties on their first outing of the year.

Please remember to stay safe around the marina and socially distance. Boatfolk sent you an email about this. Also please refer to the current [Wales Government Guidelines](#).
