Newsletter July 2022

31st July 2022

CMBHA is reviewing the way we communicate with you. We've used emailed newsletters, but these lack immediacy. We've occasionally used SMS text messages, but this is a lengthy process for us, and it costs money as well as time.

So, we have created a private WhatsApp group exclusively for use by CMBHA members. WhatsApp is a free application that runs on smart phones and computers. It can be used to send text and video messages, usually person to person or within a group. It uses your mobile phone number to identify a user in the same way that Facebook uses an email address. There's more information in the Membership section of our web site at <https://www.cmbha.net/whatsapp-group/>

If you've already got WhatsApp then you're ready to go! Otherwise you will need to install it on your smartphone from the App Store or on your computer from www.whatsapp.com. When you are ready, you can just use the link below to join the group.

CMBHA BBQ during August. We hope to test our unused barbeque equipment some time in August and we need a few volunteers to organise it. Please email info@cmbha.net or phone 07768171591 if you and/or a few friends fancy helping out. We'll then send out details through our new WhatsApp group and email when we and our volunteers have chosen a weekend. We also hope to organise a short cruise - watch this space!

Kind regards,
Roger Millward
Chairman CMBHA
on behalf of your committee
